	Principal ma'am read the proceeding book and all the members agreed with the points.	
	Expenditure of previous meeting (800/-) was Sanction by PTA members.	
	PTA members had taken the responsibility of collecting the fees from parents but all fees was not collected. Parents should strictly pay the fees in time. Even though they want clear to take a TC they need to clear the pending fees. Many kinds of concessions were given to parents for paying the fees but no response was given by them. It becomes difficult for

As per the suggestion given by PTA members, if fees is not cleared for the academic year, then those students won't be allowed for physical exam (Final exam) conducted by school. Only if there is any genuine reason for not paying the fees will be accepted. (Recommended by PTA member). Even though government insists on online exam, school will try to convince the parents for physical exam only for which their ward's academic year's fees should be cleared.	
					Right now Unit II exam is going on for (1 st to 4 th) std. Final exam for 1 st to 8 th will be conducted in March end or April first week. 9 th std final exam will start

	if Parents purchase the books from school. If books are not collected in time by parents then teachers and class rooms remain engaged whole year for the same.	
	As per the request by the parents, for last three years the school fees was not increased, so this year 20% can be increased, But PTA members said 20% will be more (too much) as the economical condition of many people is yet not improved. Owing to this condition, it was decided that, there will be only 10% rise in fees for year 2022-23 if the PTA members take the responsibility of collected 100% 1 st term fees till July end (2022). But if 100% 1 st term collection by all parents is not done, then it will

	As per the guidelines by govt we will follow the new curriculum as per NEP. Before starting NEP full information will be given to the parents. It will start from 1 st std. Government has started it from Zp schools. For private schools, it will take some time to start it. As we are following CBSE curriculum for 1 st to 3 rd std coding will be compulsory for them. Coding will be started in school only in which students will learn to make an app. Robotic lab can be created but it will take time.
