**b. Declaration of fee structure_keeping amended fee regulation act in mind_
As per the amendment in the Fee regulation act, management can rise the fees in either of the ways**

- * The fee structure should be declared by the management 1 year in advance before the next academic year starts.
Or With the approval of the Executive committee or Divisional fee regulation committee, the school can raise 15% fee as compared to the earlier tuition fee structure and can be implemented after 2 years, as per the amendment of 2019 clause.
- * In case more than 15% rise is expected, approval will be needed from PTA or minimum 76% parents.
- * The last fee rise was approved in the academic year 18-19 and was implemented in the academic year of 19-20.
- * Considering the first clause of the amended act, the management has declared the fee structure upto 2027-28 with not more than 15 percent rise after every two years
- * There is a different fee structure for 11th and 12th std students as they have lesser strength.
