

No. PU/248

Office of the Education
Officer, Zilla Parishad,
Poona-11, 27.9.1973

To

The Head Masters of
Non-Govt. Aided Secondary Schools in Poona District.

Subject:- Opening of Standards V to VII 1972-73 under
the Scheme of " Qualitative Improvement Scheme".

You are already aware that Govt. Under the scheme of
"Qualitative Improvement Scheme " have granted permissions to
open standrds V to VII with additional classes from the year
1972-73. As a natural growth permission to open standards VI
or VII as the case may be, has been granted by the Dy. Director
of Education, P.B., Poona during the current year 1973-74.

2/-There is possibility that higher standars & additional
classes & even standards V for which permission has not been
granted, might have been opened by some of the Schools & the
pay & allowances of the staff appointed for such unauthorised
classes are likely to be drawn by incorporating their names
in the staff shedule which is sent to the pay unit of this
office while preferring the claims of salary grant for a
particular months.

3/-In this connection it should be noted that the
expenditure on the staff of the higher standard & additional
classes & even standard V for which permission has not been
granted is not admissible for grant & the names of ~~xx~~ such
teachers appointed for these classes should not be included
in the bills submitted to this office for payment through
Co-Operative Banks. The bills are being passed on the strength
of the certificate No.4 (in the proforma No. 2 accompanying the
bill) signed by you.

4/- However in order to verify such cases it is felt
necessary that the Heads of all non-Govt. Secondary schools
covered under the scheme of salary grants should now attach
a copy of the order from the competent authority allowing the
school to open a particular standards/additional classes as the
case may be, to the pay bill for the month of October 1973.
