Meeting

10 June 2020.

Because of Corona pandemic, LOCKDOWN was enforced in Maharashtra, so the meeting of Parents Teachers Association was scheduled online on the said date. Few members were not present for the meeting as there is always the problem of network. Following subjects were discussed in the online meeting.

- Online education for higher stds.
- Counselling of parents of lower classes.
- Fee structure.

The above mentioned subjects were discussed in the meeting. Lockdown was enforced everywhere because of Corona pandemic, so the students were not allowed to attend the classes physically. Online education was the only option for the education of the students of higher stds. All the members discussed about the issue of online education & finally agreed that only higher classes e.g. std. IX & X should be allowed for online education initially.

It was not possible to start the same policy to the students of lower classes so after the discussion it was decided that a session of

...counselling should be arranged for the parents of lower stds, so that these students would be given some assignments by the parents & also by the teachers on Whats App.

Fee structure was another important issue which was discussed in the online meeting. Last year 10% fees was increased, so this year there will be no increasement in the fees of ... classes.
